

POLICY STATEMENT ON ACCESSIBILITY STANDARDS FOR CUSTOMER SERVICE

Version: 2.0

Approved by the APUO Executive Committee – December 6, 2018

1. PURPOSE AND POLICY STATEMENT

The goal of the *Accessibility for Ontarians with Disabilities Act, 2005* (the “Act”) is to create a more accessible Ontario, by identifying, and to the extent possible preventing, and eliminating barriers experienced by persons with a disability.

The Accessibility Standards for Customer Service (the “Standard”) have been established under the Act to ensure goods and services are, where possible, equally accessible to every member of the public.

The Association of Professors of the University of Ottawa (the “APUO”) strives to make its services accessible to persons with disabilities. The objective of this policy (the “Policy”) is to ensure the APUO meets the requirements of the Standard and promotes its underlying core principles, as described below.

2. APPLICATION

The Policy applies to all persons who, on behalf of the APUO, deal with APUO members, members of the public or other third parties. This includes APUO employees and officers.

The Policy also applies to all persons responsible for the development, implementation and/or oversight of APUO policies, practices and procedures.

3. DEFINITIONS

- i. **Assistive Device** – A device used to assist a person in performing a particular task(s) or to aid that person in activities of daily living.
- ii. **Disability** – Has the same definition as is provided under the Act and *Human Rights Code*, R.S.O. 1990, c. H.19.
- iii. **Guide Dog** – Has the same definition as is provided in section 1 of the *Blind Persons’ Rights Act*.
- iv. **Service Animal** – An animal for a person with a disability,
 - (a) if it is readily apparent that the animal is used by the person for reasons relating to his or her disability; or
 - (b) if the person provides a letter from a physician or nurse confirming that the person requires the animal for reasons relating to the disability.

- v. **Support Person** – A person who accompanies a person with a disability to assist with communication, mobility, personal care or medical needs, or with access to goods or services.

4. CORE PRINCIPLES OF THE POLICY

The APUO endeavours to ensure that the Policy and related practices, policies and procedures are consistent with the following four (4) core principles:

- i. **Dignity** – Persons with a disability should be treated as valued members as deserving of service as any other member.
- ii. **Equality of Opportunity** – Persons with a disability should be given an opportunity equal to that given to others to obtain, use and benefit from our services.
- iii. **Integration** – Wherever possible, persons with a disability should benefit from APUO’s services in the same place and in the same or similar manner as any other member. In circumstances where integration does not serve the needs of the person with a disability, services will, to the extent possible, be provided in another way that takes into account the person’s individual needs.
- iv. **Independence** – Services should, where possible, be provided in a way that respects the independence of persons with a disability. To this end, the APUO will assist a person with a disability but will not do so without the express permission of the person.

III. Assistive Devices

Persons with a disability are permitted, where possible, to use their own Assistive Device when on APUO premises for the purposes of obtaining, using or benefiting from APUO services. If the barrier is unable to be removed, the APUO will ask the person how he/she can be accommodated and what alternative methods of service would be more accessible to him/her. The APUO will make reasonable efforts to provide an alternative means of assistance to the person with a disability.

IV. Accessibility at APUO Premises

The APUO offers the following facilities and services to enable persons with a disability to obtain, use or benefit from APUO's services. This may include, but is not limited to:

VI. Support Persons

A person with a disability may enter premises owned and/or operated by the APUO with a Support Person and have access to the Support Person while on the premises.
